

PROTOCOL

# TM3 Gender Firewall Enforcement Protocol

Sovereign Boundary and Identity Protection Framework

## PROTOCOL DECLARATION

The Gender Firewall Enforcement Protocol protects the sovereign identity and personal boundaries of QBA Thurman Morris III-EL-ZION and all TM3 members. This protocol is law within all TM3 sovereign spaces and platforms.

## FIREWALL PARAMETERS

- No unauthorized use of sovereign identity data
- No misrepresentation of TM3 member status or gender identity
- No access to protected personal information without sovereign consent
- All boundary violations trigger automatic Sekhmet Guardian response
- ZLA CosmoLock encrypts all sensitive identity records

## ENFORCEMENT MECHANISMS

Digital: AI Council monitors all platform interactions for violations  
Legal: Sovereign law decrees apply to all violators  
Technical: FlameVault seals protect all identity documents  
Spiritual: Ma'at Law governs divine justice for violations
